PROFESSIONAL SUMMARY

B.TECH AI & ML student at Sanjay Ghodawat University with an 8.82 CGPA, skilled in Python, SQL, Power BI, Tableau, Excel, and Machine Learning. Hands-on experience in ML applications, data analytics, and dashboard development.

PROFESSIONAL EXPERIENCE

Elevance Skills, Data Analyst Intern

06/2026 – 07/2026 | Work From Home

- Assisted with data cleaning, analysis, visualization, and reporting.
- Analyzed datasets to identify trends and generate insights while collaborating with the team.

EDUCATION

B.Tech in Artificial Intelligence & Machine Learning, Sanjay Ghodawat University

06/2023 – 06/2027 | Kolhapur

CGPA: 8.82

SKILLS

Programming

Python, C, SQL

AI & Machine Learning

Machine Learning, Scikit-learn, Pandas, NumPy.

Data Analytics & Visualization

Power BI, Tableau, Excel, Data Visualization.

Tools & Technologies

GitHub, Flask, Docker, AWS, VS Code.

Soft Skills

Leadership, Teamwork, Communication, Problem Solving.

LANGUAGES

- English
- Marwadi

- Hindi

CERTIFICATES

Data Analyst Intern

Elevance Skill — 7 July 2026

Excel

Skill Course — 6 May 2026

C Language

Engineers Computer Academy — 30 June 2023

ACHIEVEMENTS

West Zone Tennis Representative

Represented Sanjay Ghodawat University at the West Zone level.

School Captain, M V Herwadkar High School

Led student activities and coordinated school events.

State & National-Level Badminton Player, Maheshwari Yuva Seva Mandal

Represented Karnataka at national-level competition and competed at the state level.

PROJECTS

Milk Quality Prediction, Python | Machine Learning | Scikit-learn | Pandas | NumPy | Flask

Built an ML model to predict milk quality using preprocessing and classification techniques, with a Flask-based prediction interface.

Student Social Media & Mental Health Analytics, Power BI | Data Analytics | Data Visualization

Built an interactive Power BI dashboard to analyze social media usage, academic factors, and student stress patterns.

Expense Tracker, Python | Flask | Docker | Web Development

Developed a Flask-based expense tracking application to record and manage expenses, with Docker for containerized deployment.

Twitter Data Analytics Dashboard, Power BI | Power Query | DAX | Data Analytics

Created an interactive dashboard to analyze Twitter engagement using KPIs, filters, Power Query, and DAX.

Global E-Commerce Sales Analytics, Tableau | Data Visualization | Business Analytics

Developed a Tableau dashboard to analyze e-commerce sales, profit, regional trends, and product performance.

LEADERSHIP & ACTIVITIES

Sports Secretary — Student Council

Coordinated university sports events, student athletes, faculty, and volunteers.

Event Organizer — Class Representatives

Supported planning, budgeting, and execution of university events including Umang and Vibrant.
